

SOCIETY OF TOXICOLOGY

REPRODUCTIVE AND DEVELOPMENTAL TOXICOLOGY SUBSECTION

GRADUATE/POSTDOCTORAL STUDENT AWARD

We announce our intention to make awards of recognition for the best platform and/or poster presentation by graduate students or postdoctoral fellows in the areas of reproductive and developmental toxicology at the 36th Annual Meeting of the Society of Toxicology to be held March 9–13, 1997 in Cincinnati, Ohio. General areas of research may include male or female reproductive toxicology, reproductive endocrine toxicology, teratology/developmental toxicology, and/or postnatal development. By November 8, 1996, candidates for these awards should send to the address below a copy of the abstract that is being submitted to the Society for this meeting. An outline of the talk or a copy of the poster material should also be included, if possible, to assist the judges in their evaluation. The abstracts and posters should describe the original research which may include applied studies, investigations of mechanisms of toxic response, or studies of basic mechanisms of action. Interested individuals may request Society information and abstract forms from the Society of Toxicology in Reston, Virginia (703) 438-3115 or sothq@toxicology.org). All submitted material will be treated as confidential. The Winning presentations will be announced at the Annual Meeting of the Specialty Subsection in Cincinnati. For further information, contact:

ERRATUM

In the Commentary by Alavanja et al. published in EHP in Volume 104, Number 4, 1996, the legend for Figure 4, "Distribution of farm size in Iowa and North Carolina," was incorrectly labeled. The correctly labeled figure shown at left indicates that, in general, Iowa farms are larger than North Carolina farms.
